Location:	
Conference Call:	Conference Call

Meeting Frequency:

- Ad hoc.

Committee Charge: *Charged with reviewing Issue Submissions as submitted to the committee. We are currently reviewing the follow issues:*

- Review AB 1461- request for input
- Issue discussed: 2016-001 Defining Caterer in Cal Code

Meeting Notes:

AB 1461

The group discussed AB 1461 Food Delivery Enterprise. Consensus: If the food delivery employee was involved with handling open food, a CFH card would be warranted, however, if the delivery employee simply transports a packaged food product from point A to point B, then a CFH card is not be warranted. Area of Confusion in the bill: Since the “food delivery enterprise,” as described in the bill, is not a food facility, then it seems that the employees of the food delivery enterprise should not be involved in the food preparation, just provide transportation.

Issue 2016-001 Defining Caterer in Cal Code

It seems that all agree that the Catering business should should operate out of permanent, permitted facilities. The sticking point is how Cal Code will address the off-premises operation – this is the bulk of what is written in this issue submission.

The “pop-up” restaurant concept will be left out of the discussion, as this is a separate issue.

The topic of “direct sales” is an area that complicates this issue, and it was thought that this should be a separate issue submission. San Diego may submit an issue on this for future review by CRFSC.

We will look again at including a Private Event & Public Event definitions.

The plan add “Direct Sales Caterer” into the Community Event definition to provide requirements for the off premises function, utilizing existing language was removed.

The idea of scheduling a Sub B in-person meeting is problematic due to travel concerns. We can consider this for a small sub group in the future.

Current definition remains:

113740. (a) *“CATERING OPERATION” means any person or business who operates from a permitted PERMANENT FOOD FACILITY and who supplies food and related services including, but not limited to, serving and/or cooking at an OFF-PREMISES CATERED FUNCTION, where the food is prepared and delivered per a consumer pre-order, unless otherwise approved by the local enforcement agency.*
